

From left: Lawrence R. Inerra, Jr., chairman of the medical center's Human Resources Committee and secretary of its Board of Governors; Samuel L. Toscano, Jr., chairman of the medical center's Board of Governors; Beena Vaidya, an echocardiographer in the Department of Cardiology, named as "Most Valuable Team Member of The Year" and Robert C. Garrett, executive vice president and chief operating officer.

## EMPLOYEE SERVICE AWARDS

This year, Hackensack University Medical Center held two events to celebrate its long-time employees. On February 11, those employees who celebrated 10, 15, 20, 25, 30, 35, and 40 years of employment were honored at a recognition ceremony held at The Marriott at Glenpointe. Beena Vaidya, an echocardiographer in the Department of Cardiology, was honored as "Most Valuable Team Member of the Year."

"On behalf of the medical center, I congratulate Mrs. Vaidya on this accomplishment and thank her for the hard work and dedication put forth throughout her years of service," said John P. Ferguson, president and chief executive officer of the medical center. "Because of the dedication of people like her, Hackensack University Medical Center continues to be a leader in healthcare."

"Beena represents our many dedicated individuals whose commitment to quality patient care is met with excellence each and every day," said Robert C. Garrett, executive vice president and chief operating officer of the medical center.

On May 7, more than 1,200 full- and part-time employees took a step back in time as they celebrated 10 or more years of service at the Annual Employee Service Awards Dinner Dance. Held at The Westmount Country Club, the 1950s-themed event included roller-skating waitresses, a doo-wop group, magicians, and more. In addition, guests were treated to custom-made wigs, airbrushed T-shirts, and temporary tattoos.
